

# MONEY FOR JOBS Not Banks

**Labor/Community March**

**Wednesday, June 23, 5:00pm**

**Hart Plaza, (Jefferson & Woodward)**

Wall Street recklessness and corporate greed created an economic crisis. Wall Street got bailed out; communities got sold out. The rich are getting richer while working people lose homes, jobs, retirement security and public services.

**There is no such thing as a  
"jobless recovery"!**

**Workers, with and without  
jobs, united to demand:**

**Good Jobs for All: Enact the Local Jobs for America Act  
(HR4812); and Full and Fair Employment**

**Save community services and public service jobs**

**Stop privatization, layoffs, outsourcing and furloughs**

**Break up the Big Banks and Make Wall Street speculators  
pay to clean up their mess**

**Stop foreclosures and evictions**

A free reception will follow the rally at AFSCME 25, 600 W. Lafayette  
Sponsored by: AFSCME Council 25 • Jobs with Justice • Metro Detroit AFL-CIO
